TIME SETTING

Stainless steel structure and strong and durable

High Safety, Anti-collision, Anti-scratch
and easy to clean, everyone cared

A stainless steel ultrasonic cleaner is shown against a dark, textured background. The cleaner has a rectangular stainless steel body with two large arched openings on the front. It sits on a black base with a control panel featuring a power button, a power indicator light, and a rotary dial. A glowing shield icon is superimposed over the front of the cleaner. Two chains are draped across the scene, one on the left and one on the right, suggesting strength and durability.
